

CONCEPTEC GmbH

hereby certifies that

acromion GmbH

Europaallee 27 - 29, 50226 Frechen

has been awarded the status of

Certified Data Protection- Compliant Company

During the course of a respective data protection audit, acromion GmbH has demonstrated and accordingly documented that it has introduced and effectively implemented appropriate technical and organizational measures into its processes and standards to ensure that all personal data is adequately protected.

The respective data protection audit was conducted within all of acromion GmbH's existing organizational areas, including Human Resources, IT, General Administration, Service, Marketing and Sales, at the following location:

Europaallee 27 - 29, 50226 Frechen

This Certification is based on the certification criteria for data protection compliance established by CONCEPTEC. These criteria are aligned to the current data protection laws, in particular the technical and organizational requirements set down in Section 9 Federal Data Protection Act (Bundesdatenschutzgesetz - BDSG) and EU Data Protection Directive 95/46/EC, and according to the latest state-of-the-art IT security technology.

This Certification applies solely to the specified area of applicability and entitles acromion GmbH to reproduce and use the patent-protected data protection seal of approval (depicted above) in all its correspondence according to the terms pertaining to this Certification.

This Certification No. **DSZ-20160525-216-01G** is valid until **24.05.2019** and is subject to respective annual audits.
