

CONCEPTEC GmbH

awards the corporation

acromion GmbH

Europallee 27-29, 50226 Frechen

the predicate

Certified Data Privacy

The company has regularly proven in data privacy audits, that appropriate technical and organizational measures in connection with procedures and standards are properly implemented and therefore the protection of personal data is sufficiently certain.

The data protection audit was conducted in all levels of the organization, including Human Resources, IT, General Administration, Service, Marketing and Sales, at the location

Europallee 27-29, 50226 Frechen

The certification is based on the CONCEPTEC certification criteria for data protection compliance, which is aligned to the requirements of the General Data Protection Regulation (GDPR) and the German Federal Data Protection Act (BDSG), particularly in accordance with the principles of Article 5 GDPR, the technical and organizational measures for the security of processing as referred to in Article 32 GDPR and the current state-of-the-art IT security technology.

This certificate is solely valid for the defined scope and entitles the corporation to maintain and use the data protection seal of approval (shown above) as a registered trademark according to the CONCEPTEC certification terms and guidelines.

This certification no. **DSZ-20190523-219-G-02** is valid until **22.05.2022** and a monitoring audit is carried out on an annual basis.
